

Remarks

1. This complete listing of all the claims was taken from the Examiner's Office Action mailed to me in the date of **August 8, 2005**.

RECEIVED
CENTRAL FAX CENTER

OCT 16 2006

2. This was done after sending my response to the Examiner in the date of **May 24, 2006** explaining him in this response the problems that I have and asking for his help.

3. No help, of any kind, was giving to me by the examiner after this response.

4. I left many telephone messages to the Examiner, asking for his help.

5. No help, of any kind, was giving to me by the examiner after these messages.

6. In the single time I succeeded to talk with Mr. **Walsh**, the examiner, he misled me, saying that there is nothing that I can do, or need to do, in the procedure with him - until I will finish first the procedure with the Examiner Brian L. Johnson. (This is why I have to pay now **\$795.00** for a 4-month extension of time)

Later on, after an explanation by another examiner, I found out that I could respond immediately to the Office action of the examiner John B. Walsh (mailed April 11, 2006,) and that I did not have to wait with this response until I will finish first the procedure with the Examiner Brian L. Johnson - as the examiner John B. Walsh said to me and misled me in our telephone conversation.

7. It is not the first time that Mr. **Walsh**, the examiner, is misleading me..

8. A proper complaint will be sent soon.

9. A request to stop the examiner, **John B. Walsh**, from examines this response and this patent application will be sent soon.

10. A request to receive back this fine of **&795.00** for a 4-month extension of time will be sent soon.

In the Abstract:
